

## **Mozen Foot Healthcare Associates**

Thank you for partnering with our office and taking an active role in your health. In order to enhance our partnership it is important we share some helpful practice information.

Our office hours vary by location but are generally M-F & Saturdays during normal business hours. If you reach our office after hours you will be forwarded to our answering service. If you have an urgent need regarding your foot care, they will contact the on-call doctor and have the doctor call you back within 30 minutes. *(Please call during business hours for prescription refills)*

If you are experiencing an urgent need that needs immediate medical attention, you will be directed to go to the nearest Urgent Care facility. We have developed a partnership with several Urgent Care centers in the areas surrounding our offices and they will forward their findings to our office the following day. Should you find yourself in a situation where you must seek medical care after hours and it is **not** a life threatening emergency please use one of the following Urgent Care centers *(Please also contact our office for follow up during business hours on the next business day):*
